REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
North Ridge Securities Corp.

We have audited the accompanying statement of financial condition of North Ridge Securities Corp. as of June 30, 2009, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of North Ridge Securities Corp. as of June 30, 2009, and the results of its operations and its cash flows for the period then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the previous year.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NORTH RIDGE SECURITIES CORP.
NOTES TO FINANCIAL STATEMENTS
June 30, 2009

1. ORGANIZATION AND NATURE OF BUSINESS

The Company is a fully disclosed broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of The Financial Industry Regulatory Authority (FINRA). The company is a New York Corporation.

2. SIGNIFICANT ACCOUNTING POLICIES

The Company's financial statements are prepared in accordance with U.S. generally accepted accounting principles ("GAAP"), which require management to use its judgement in making certain estimates and assumptions that effect the amounts reported in the financial statements. Actual results could differ from these estimates.

All of the Company's assets and liabilities are carried at either fair value or amounts which approximate fair value.

Commission income and related clearing expenses are recorded on a trade date basis as securities transactions occur.

For the purpose of The Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with maturities of less than 90 days, that are not held for sale in the ordinary course of business.

3. NET CAPITAL REQUIREMENTS

The Company rule is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital and requires the ratio of aggregate indebtedness to net capital, both defined, shall not exceed 8 to 1 in its initial year and 15 to 1 in subsequent years.

At June 30, 2009, the Company has net capital of \$ 180,116 which was \$ 88,213 in excess of its required net capital of \$ 91,903. The Company's net capital ratio was 7.65 to 1.

5. RECEIVABLE FROM BROKER-DEALERS AND MUTUAL FUND COMPANIES

	<u>Receivable</u>
Fees and Commissions Receivable	\$ 1,152,364
	<u>\$ 1,152,364</u>

6. COMMITMENTS AND CONTINGENCIES

The company's office space and office equipment leases are obligations of its affiliated company (North Shore Capital Management Corp.) and as such has no commitment as of June 30, 2009

7. CONCENTRATIONS OF CREDIT RISK

The Company and its subsidiaries are engaged in various trading and broker-age activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

8. RELATED PARTY TRANSACTIONS

North Shore Capital Management Corp. (NSCMC) performs some of the administrative duties for North Ridge Securities Corp. The Company pays NSCMC a management fee to cover these expenses. North Ridge Securities Corp. paid \$ 1,436,800 for these services for the year ended June 30, 2009.

INDEPENDENT AUDITOR'S SUPPLEMENTARY REPORT ON INTERNAL CONTROL STRUCTURE

Board of Directors of
North Ridge Securities Corp.

In planning and performing our audit of the financial statements and supplemental schedules of Bristol Financial Services, Inc. (the Company), for the year ended June 30, 2009, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operations may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2009 to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC, FINRA and other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.
